The EU Declaration of Conformity is covering only the scanner/scale. The connection of this apparatus to Point of Sale (POS) system is subject to legal W&M requirements, requires additional verification & tests where the system will be used. These tests can be done only by an approved organization where the instrument is installed.

The manufacturer of the POS and the owner of the complete scale/POS system must ensure there is a Declaration of conformity for the complete system, otherwise the scale/POS system must not be placed on the market. Any modification to the system which affects metrological parameters must be covered by a new Declaration of conformity and is not the responsibility of Datalogic USA, Inc..

A Scanner/Scale with Notified Body number 0200, calibrated, verified and sealed from the Datalogic Slovakia s.r.o. location with defined gravity zone can be used only into the predefined zone. If the seals of the system are missing or broken, the instrument does not conform and should be put out of service.
