## REGULATORY INFORMATION

この装置は、クラスA情報技術装置です。この装置を家庭環境で使用すると電波妨害を引き起こすことがあります。この場合には使用者が適切な対策を講ずるよう要求されることがあります。 VCCI-A

**This is a Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures**

### FCC

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates uses and can radiate radio frequency energy, and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

### Canada

This Class A digital apparatus complies with Canadian ICES-003.  
Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

### Power Supply

The scanner requires the use of an external power adapter. Use only Datalogic-approved power supplies. See the Product Reference Guide (PRG) for more information. Alternately, scanners connected via USB can receive Power Off the Terminal (P.O.T.) if it is determined the terminal can supply adequate power to the scanner in this manner.

#### Características de la fuente de alimentación eléctrica.

Entrada: 100 - 240 Vca  
@ 800mA 50/60 Hz  
Salida: +12 VDC @ 2500mA

| 1        | 2   | 3   |
|----------|-----|-----|
| Earth(-) | (+) | GND |

Conector de salida: KPPX-3P  
Kycon con pines macho o equivalente

Utilice en su red solo fuentes certificadas en Argentina.

El uso de fuentes de alimentación no compatibles puede resultar en riesgo de incendio o de choque eléctrico para el usuario.

### Safety

**Please note that the LED lamps used for illumination and scanning have been tested and do not pose any photobiological hazards through normal use. The scanner does not contain any laser devices.**

## PRODUCT LABELING

The figure below shows the general shape and position of the labels located on the scanner beneath the platter and on the bottom side of the scanner.

**NOTE: Labels are shown to illustrate their location only. Please view the labels on your product for actual details.**

| Beneath the Platter |                                                 | Underside of Scanner |                          |
|---------------------|-------------------------------------------------|----------------------|--------------------------|
| 1                   | Scale Regulatory Label (units with scales only) | 3                    | Regulatory - I/F Label   |
| 2                   | Serial Number Label                             | 4                    | Connector Bulkhead Label |

### Customs Union

The CU conformity certification has been achieved; this allows the Product to bear the Eurasian mark of conformity.

| <sup>1</sup> This EU Declaration of Conformity is covering only the scanner/scale without a pre-defined gravity zone, and for Scale apparatus is only valid with a Certificate of Conformity issued by a Notified Body under Module F of the directive 2014/31/EU.<br>The connection of this apparatus to Point of Sale (POS) system is subject to legal W&M requirements, requires additional verification & tests where the system will be used. These tests can be done only by an approved organization where the instrument is installed.<br>The manufacturer of the POS and the owner of the complete scale/POS System must ensure there is a declaration of conformity for the complete system, otherwise the scale/POS system must not be placed on the market. Any modification to the system which affects metrological parameters must be covered by a new declaration of conformity and is not the responsibility of Datalogic USA, Inc. |  |                                                                                                                                                                                                                                                                                 |  |                                                                                                                                             |  |
